

Benefits and Rewards for Members with Diabetes

We've made it easier for Blue Advantage (PPO) members who are diabetic to afford their insulin and testing supplies. Members can even earn extra incentives by making management of their diabetes a priority!

Insulin Savings Program

Blue Cross® and Blue Shield® of Alabama is participating in the Part D Senior Savings Model, also known as the Insulin Savings Program. This provides Blue Advantage members with diabetes formulary insulins at a maximum \$35 copayment per month's supply with NO deductible! This gives members predictable, stable copayments for insulin and helps you save money on drug costs.

Out-of-pocket costs for formulary insulins at Preferred retail pharmacies and Preferred Home Delivery Pharmacies noted below will be a **\$28** copayment. If you use a Standard retail pharmacy, it will be a **\$35** copayment. Blue Advantage members pay the same amount (based on pharmacy) in Stage 1 (deductible phase), Stage 2 (initial coverage) and Stage 3 (coverage gap / "donut hole"). The reduced cost sharing in Stage 4 (catastrophic coverage) will still apply.

Formulary Insulins Included in the Insulin Savings Program:

BASAGLAR	LANTUS
HUMALOG	LEVEMIR
HUMALOG MIX	LYUMJEV
HUMULIN 70/30	TOUJEO
HUMULIN N	TRESIBA
HUMULIN R
